March 2018 — February 2020

FSc. (Pre-Engineering), Govt. Post Graduate Collage Collage, Rajanpur
August 2020 — August 2022

Bachelors in Computer Science, Air University, Islamabad
September 2023 — Present

PROJECTS

Chess Game – C++ & SFML

Built a 2D Chess Game using C++ and SFML, applying OOP principles for modular design. Features include piece movement, turn-based play, and checkmate detection with a smooth GUI.

CyberKit Pro – Cybersecurity Toolkit

Built a cybersecurity toolkit with an HTML, CSS, JavaScript frontend and a Python backend, featuring tools like Port Scanner, Hash Generator, Log Analyzer, Password Cracker, Web Crawler, and Phishing Detector for security analysis.

UniBuzz – University Community Platform

Developed **UniBUZZ**, a Flutter-based social platform with Firebase integration, enabling university students to share updates, post events, and connect with peers in a community-driven space.
